

U9 AIMS BENCHBALL TOURNAMENT @ IGBIS - 15 NOVEMBER 2022

On Tuesday 15 November, me and the U9 benchball team went to participate in a benchball tournament inside IGB International School. Team 1 lost both games to ELC 13-5 and MKIS 10-4. But luckily in team 2 the boys won both matches against ELC 12-1 and SKIIM 10-2.

Overall, even though we didn't win medals, I really enjoyed playing in the tournament and hope to participate again soon.

Report written by: Ace Zi Fong Ho, Year 4A

On the actual event, our girls team were definitely excited but at the same time nervous too. We were prepared and ready to play the tournament. It was so fun to play the benchball tournament in front of our parents. During the first match we were starting off pretty easily, we were playing against ELC. It was so fun playing the first match with the whole team. We went all out and we were so energetic.

For the second match we were competing with MKIS, it was extremely hard but we tried our best and we always communicate well throughout the match, as I believe communication is the key to success. We were always defending and attacking our opponent yet we always had to find a lot of space to free ourselves.

Last but not least, we had a friendly match with another school called Sri KDU Kota Damansara. Overall the match was fun, exciting and most importantly **TEAMWORK MAKES THE DREAM WORK**. I wish there is more competition in the future. Throughout the tournament it was super fun playing against another schools as we learn so much through this amazing experience.

Finally, I would take this opportunity to thank our coaches for training and teaching us the techniques and skills to play benchball and to our parents, thank you for coming to support us from day one.

Here are our scores during the tournament:

Team 1:

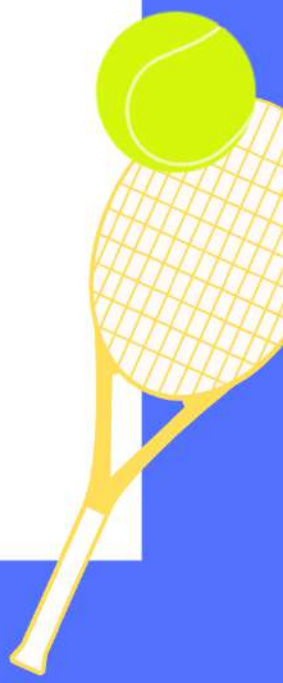

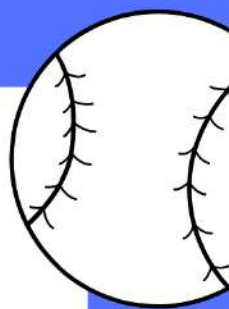

Vs ELC Won 9-4 Vs MKIS Lost 7-2

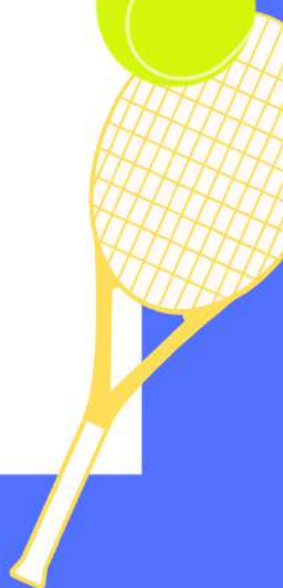

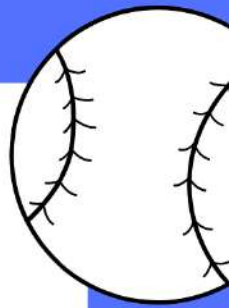

Friendly match with SRI KDU KD: Won 6-0

Team 2

Vs ELC Lost 8-1 Vs SJIIM Lost 6-4

U11 BOYS BASKETBALL AIMS BOWL FINAL @ AISM – 16 NOVEMBER 2022

We set off to AISM. We were all very nervous, as this was the finals to win the trophy for the “bowl” category.

In the first game, we fought AISM. Everyone did very well, but Hayden scored 3 while Naru scored 1 basket. Although Hayden and Naru were the ones scoring the baskets, everyone was willing to pass, and no one was playing for their own personal gain but for the team. The score ended up as 8-4, we won.

In the second game, we played against Sri KDU KD. Since the people that played in the first game were really tired, Mr Naresh had to substitute some people. This was very intense, and the opponent was very strong. This game we got lucky as they fouled us once, causing them to lose and getting us 1 point. The score at the end became 1-0.
