

U13 AIMS FOOTBALL BOYS TOURNAMENT @ IGBS – 22 NOVEMBER 2022

Our teamwork was great we have good communication and chemistry between each other but sometimes we do make mistake, but we did recover from that mistake some of us were injured like myself who got an ankle injury and most of my teammates has leg cramp and muscle pulled.

I would like to thank my coach and my teammates for doing a good job and our defender (Glennon, Ayn, Ethan) and our attacking (Zack ,Hariz, Ashish) and forward (Leroy) who pulled a muscle for the team. Our defender Glennon did a fantastic job with defending he was a beast. Our attack and forward score three goal thanks to them who could get three goals.

After our match we were happy that it was over and I would like to thanks my coach and my teammates.

U11 AIMS GIRLS BASKETBALL TOURNAMENT @ Sri KDU KD- 23 NOVEMBER 2022

I like the basketball game it was very fun and intense. I really hope that we will have another basketball fixture. Players were good at shooting which made the team win. We were also very good dribbling but I think there is room for improvement.

I like the basketball team but I think we should add more players on the team. I would like to practice in early in the morning or in the afternoon, so before the competition we can practice and improve before the match start.

The match was very fun I hope I see more in the future, and I hope there will be more medals and trophies we can win and represent. I hope in the future we can fly to other basketball competitions and come back with a medal and a trophy.

U11 BOYS FOOTBALL TOURNAMENT @ Sri KDU SJ- 24 NOVEMBER 2022

This was a tense and dramatic evening for all, with countless highlights. Every individual player got a few precious minutes on the pitch, and for these provided reasons I am taking the time to report the events of the Sri KDU and King's Gate football fixture. Sri KDU had two teams: a blue team and a red team.

The first 20 minutes started off with a breath-taking match between the Sri KDU red team and the King's Gate team. At the beginning Sri KDU's red team dominated their way to King's Gate's end of the pitch, making some marvellous shots and passes, displaying excellent team work. However, the red team had eventually lost possession of the ball, and King's Gate's turned the tables, and scored the first goal of the evening. This left the score at that time 1-0, with King's Gate one, and Sri KDU red team nil. This score however, was not permanent. And after some precise passing and dribbling and goals, the score changed to 3-2 at the end of the match, with Sri KDU red team three and King's Gate two.

The tension built on as the Sri KDU blue team was put on the pitch to face the King's Gate team. The blue team had analysed players from King's Gate's team and had seen what a strong team they had put together. The match started off with King's Gate's kick off, and some swift tackles from the blue team. After forcing our way towards King's Gate's end of the pitch, we started off the match with a marvellous and well-timed goal from the blue team, leaving the score 1-0, with one goal to Sri KDU's blue team and nil to King's Gate. This repeated throughout the first half and after brilliant team work and individual contributions such as dribbling and passing, the score at halftime was 3-0, three goals to the blue team and nil to King's Gate's team. This boosted the blue team's confidence, and after the fulltime whistle, the score was 4-1 with Sri KDU's blue team and King's Gate's team respectively.

The last match of the evening was with a face-off between both teams of Sri KDU. With astonishingly accurate and great football and teamwork displayed by both teams, this final match would put them to the test. All movements in this match were perfect- every pass, every dribble, even some powerful yet accurate clearing from the goalkeepers and defenders. At halftime, the score was 1-0, with the Sri KDU's blue team in the lead. However the red team weren't about to lose the match so easily, and after putting a good fight against the us blue team. 10 splendid minutes of amazing, breathtaking football. The score ended with 2-1, with the blue team in the lead.

And now to summarise, I would like to say that this evening I have reported about was one with excellent football displayed and some great saves from all goalkeepers. Namely, there was also loads of swift tackles, dribbling and goals. However in my opinion the best element of the evening was the teamwork and co-operation. Lastly, thank you to all the coaches, teachers, and members of the P.E department who were involved in organising the fixture.
