

U13 BOYS AIMS BASKETBALL ROUND 1 @SJIIM – 8 FEBRUARY 2023

The Under 13 Boys Basketball team entered their first competitive fixture in the AIMS Sports League matches against St. Joseph's International School and Mont Kiara International School on Wednesday. Up against tough competition, the boys fought hard and as the games progressed their performances improved incredibly.

The first match against MKIS began well, with both teams scoring early and some frantic play from both teams showing the nerves of the players. As the game settled, Mont Kiara's movement off the ball and composure in attack resulted in them taking a lead. Some good performances from the SKSJ students meant that the game was close going into the second half, but MKIS came away victorious thanks to a late flurry of baskets in the final few minutes.

The second game against St. Joseph's was another tough challenge, with some highly skilled competitors using their experience in the game to gain control over SKSJ. The Subang team improved their defending and developed their tactical awareness from the first game, but the home team used their height advantage to secure the win. The SKSJ team will compete again in two weeks time in the Bowl Final, with further details to come after remaining games in the competition are played.

U11 BOYS FOOTBALL FRIENDLY GAMES @ TIS – 9 FEBRUARY 2023

Sri KDU took 2 teams to play a friendly game at Taylors International School, Puchong. Here is the match reports by our students:

Team 1

Report written by Ameer, Year 6B and Xin Shuo 6A

We set off to Taylor's international school. We were all hyped up for the match. In the first third, Ameer scored 2 goals although the opponent scored 1. Casper did some great saves. There were lots of plays, celebrations, and tackles. We had a break then the second third began.

In the second third, Taylor's scored 2 more goals and Ameer, yet again, scored 1 more. Xin Shuo saved a few shots. Ameer took a free kick for our team and almost scored. Hayden hit the post and almost scored but got brilliantly saved by the Taylor's goalkeeper.

In the last third, Taylor's had the advantage as they were up by 5-3, but Sri Kdu were not just gonna let the them win. Then from winning it at defence Brandon cleared it to Hayden's feet and he drifted past 2 defenders and led it to Xin Shuo and he finished the attack with a scorching shot on goal and then at that moment Sri KDU knew that the comeback was on. In the dying moments of the game, Ameer and Xin Shuo combined to produce a brilliant one-two and xXin Shuo hit the post and the ball gently rested in the back of the net.

U11 BOYS FOOTBALL FRIENDLY GAMES @ TIS – 9 FEBRUARY 2023

Sri KDU took 2 teams to play a friendly game at Taylors International School, Puchong. Here is the match reports by our students:

Team 2

Report written by: Kabir , Year 6C

The nerve wracking feeling for everyone was surprisingly low for everybody back in the bus. Everyone was having fun joking around, but encouraging each other for the match too. Captains were announced, attendance was taken.

Kickoff began at 2:30 pm, The tigers having won the privilege to start the match. Then it was just pure skill, speed and teamwork. Once we were at the attacking third of the pitch, the crossing was incredible and we were doing great to keep possession. However things went downhill when Taylor's had possession and swiftly moved from defence to counterattack, setting the score 1-0. However, with some great defence, passing and attack, along with strong midfield, we turned the tables and made the score 5-2.

Taylor's weren't going to let us go with such an easy win though, and soon they were intercepting are passes with astonishing ease. And for a moment I thought the ball would definitely land in our net, but there was a great block and slide tackle from our defence that denied that goal-scoring opportunity and kept us safe.

Now near halftime, Taylor's were in our half and pushing their way through. But a great save from our keeper saved us. And we marched on as a team to attack and defend counterattacks, and we were doing a great job as a team while keeping possession.

To summarise, we were great individually, but brought a lot stronger as a team, the final score being 5-4. Thank you to the PE department, the football coaches, and all those people who made this fixture possible.
