MATCH REPORT WRITTEN BY WEN YAN 11C

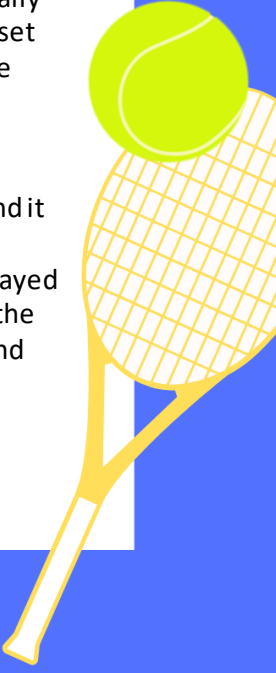

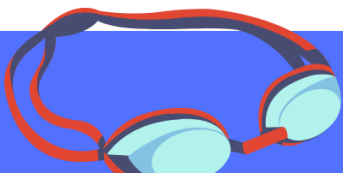

On Monday, the O15 volleyball girls competed in AIMS against several other schools in Sunway, including MKIS, ELC, Sunway as well as Charterhouse. We played to 15 points each set, and played to the best of 3. During our first match against MKIS, we started off a little rough and made several mistakes, causing us to lose the first set at 8:15. However, during the second set, we picked up the momentum, but still lost against MKIS by just a little bit at 14:15. MKIS was delightful to play against as their players were skilled with their passes, receives, spikes and as well as their serves. There was a lot to learn from them!

Our second match against Sunway was fun to play against because they were so powerful and well rounded. All their players did amazing, and their attacks were really nicely executed. We had troubles receiving their serves and spikes, but later in the match we adapted to them and could at least get the ball up. Even though we lost the match, Sunway was a team that we could look up to.

After that, our third match was against ELC. The players were friendly and their team's level was about the same as ours. Hence, we had quite an equal play. Although we lost the first set by 14:15, we took back the second set and then the third set. We did incredible with our serves in the second set, and we played well during the third set. Overall, ELC was enjoyable to play with.

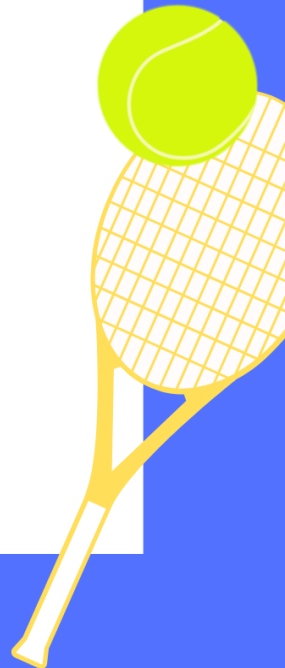

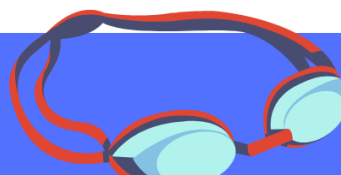

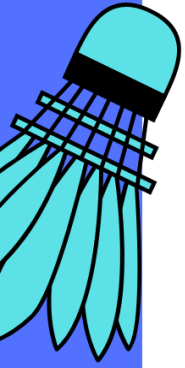

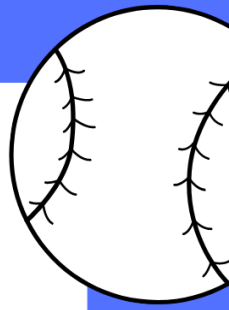

Lastly, our last match with Charterhouse was close. Charterhouse had really nicely executed attacks and their teamwork was great. We won the first set against Charterhouse, but then they took back the second set. During the third set, we played hard but unfortunately lost by 14:15. Regardless, Charterhouse was a pleasure to play against!

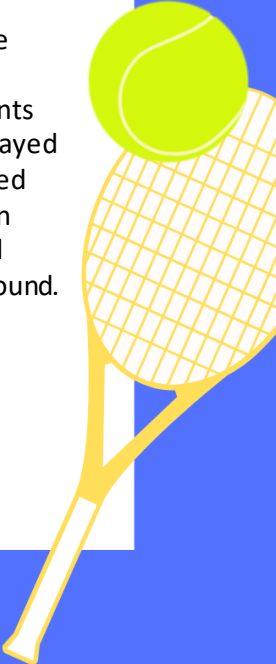

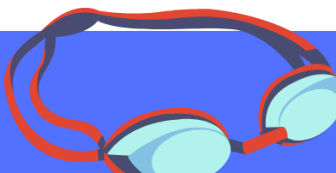

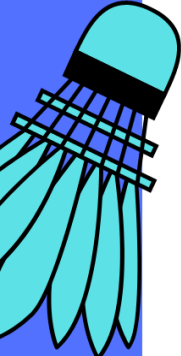

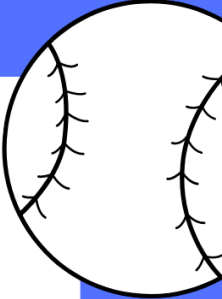

Overall, the 4 matches that we played on Monday were really exciting and it was definitely a learning curve for all of us. We realised our strengths, weaknesses, and what we needed to improve on. The schools that we played against helped us learn a lot, and we hope to play against them again in the future with improvement. On a personal note, I'd like to say thank you and great job to my team members: Ashley, Alyssa, Chloe, Yee Xuen, Maika, Yazmeen, Caylie, Jiun Jue and Adelise! You guys did great.
