

GIRLS & BOYS U9 FOOTBALL - AIMS ROUND 1 @ SUNWAY 3 FEBRUARY 2024

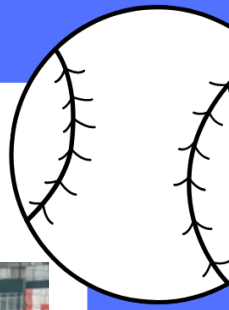

MATCH REPORTS WRITTEN BY: Moosa Alan Hassan 3A

Early on Saturday morning, 3rd February 2024, we went to Sunway international school for the AIMS football tournament. It was my very first inter school football competition and I was very excited. When we reached Sunway, the stadium was packed with enthusiastic players, parents and coaches. Parents were busy taking pictures, chatting and getting settled.

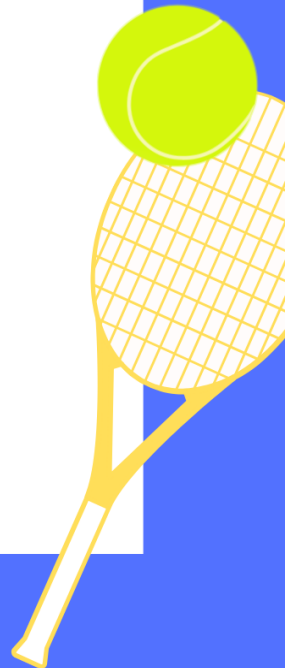

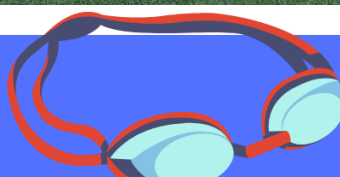

Soon it was time for the first match of the day. The U9 girls were playing against ELC. Although it ended with a tie, they both played a great match. Later the girls played their second match with ELC which unfortunately they lost. But the girls did an excellent job. Outside the field, the cheering and the school spirit was on a super duper high. I could hear people screaming "let's go tigers" which I joined for when I was not playing. It was a lot of fun! During breaks, we gobbled on the yummy snacks our wonderful parents had prepared for us.

U9 boys played a total of 3 matches against ELC, Tenby and AISM. Our first game's score was 3-0 which we won but it was really hard to score as they had a very strong team. The second match was 3-0 which we again won and our last match was 1-1. It was a tie and their keeper was very impressive. Our players communicated well with each other which I believe helped us in our game.

My favourite part was that we played very hard and had lots of fun against each team in our group and ended up in the cup final! This was my best inter school tournament.

MATCH REPORT WRITTEN BY: Mr Booth

In the AIMS Under 11 Boys category, Sri KDU displayed exceptional teamwork, securing victories in all three matches against Tenby, Sunway, and The Australian School. Their focus on passing was evident, leading to impressive through balls and solid build-up play. Equally noteworthy was the team's impeccable defending, resulting in a clean sheet across all games.

The Under 11 Girls engaged in friendly matches against Tenby and Sunway, serving as valuable warm-ups for their upcoming AIMS finals. Despite both games ending in goalless draws, the girls exhibited strong passing skills and cohesive defensive strategies, showcasing their readiness for the challenges ahead.

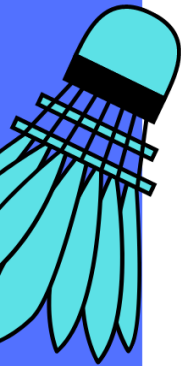

The competitive success of the boys and the strategic preparation through friendly matches for the girls highlight the well-rounded approach of Sri KDU's youth football program. As both teams continue their journey in the AIMS competition, the prospects look promising, with a blend of skill, teamwork, and preparation paving the way for success in the later stages of the tournament.

MATCH REPORT WRITTEN BY Mr Shukri

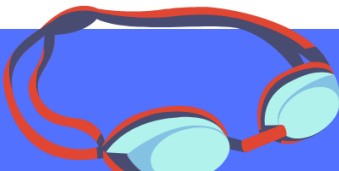

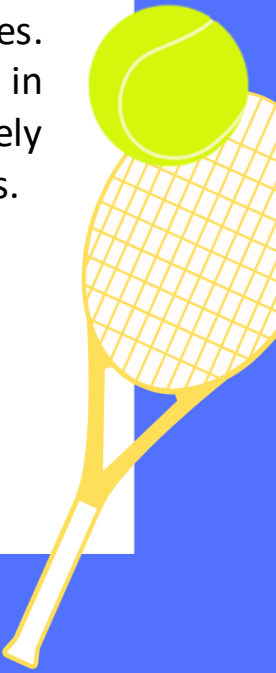

Our squad played two difficult games in this week's U15 AIMS boys basketball tournament, which was held at Sunway International School.

Regretfully, despite our team's best efforts, the first game ended in a loss as Sunway scored 46 points and SRI KDU 5 points.

Relentlessly, our players showed tenacity and resolve in the second game, but even with their excellent efforts, we were defeated 14–44 in the end.

Even if the results might not have gone our way, the tournament gave the team a chance to develop and evolve and offered priceless learning experiences. Our players' dedication to the game is evident in their spirit and sportsmanship, which will surely create the groundwork for future accomplishments.
