U11 BOYS & GIRLS BADMINTON FRIENDLY VS SUNWAY @ SUNWAY 3 MAY 2024

MATCH REPORT WRITTEN BY: ADVIK SHUBHA 6C

Greetings, I'm Advik representing 6C! Recently, our U11 badminton team engaged in a friendly tournament against Sunway International School on May 3, 2024, at Sunway's Multi-Purpose Hall. I'm here to outline the match outcomes and share my personal reflections on playing against Sunway.

A total of 48 matches transpired across four categories: boys' singles (12), boys' doubles (12), girls' singles (12), and girls' doubles (12). Despite Sunway's commendable performance, our school emerged victorious, winning all matches.

I appreciate the spirited atmosphere where everyone enjoyed themselves and engaged in numerous matches. What I admired most was Sunway's sportsmanship; despite their losses, they graciously congratulated us and shook hands upon the announcement of the results.

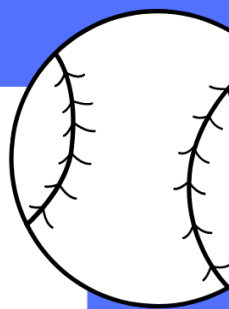

In summary, the friendly match was a success, and it brought joy to all involved.

Thank you for taking the time to read this piece. I hope you have a fantastic day!

MATCH REPORT WRITTEN BY: MR BOOTH

The U13 boys and girls volleyball teams travelled to The Australian International School for a friendly match. Both teams played with great sportsmanship and enthusiasm, demonstrating good skills and a desire to win. Although both teams lost their matches, they competed well and most of the games finished with close scores.

It was wonderful to see the students enjoying themselves and cheering for each other when they scored a point. I look forward to seeing both teams continue to work hard, progress and do well in their future fixtures.

MATCH REPORT WRITTEN BY: BEIRAAJ SINGH BEDI, YEAR 7A

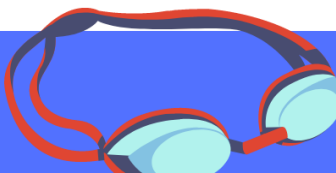

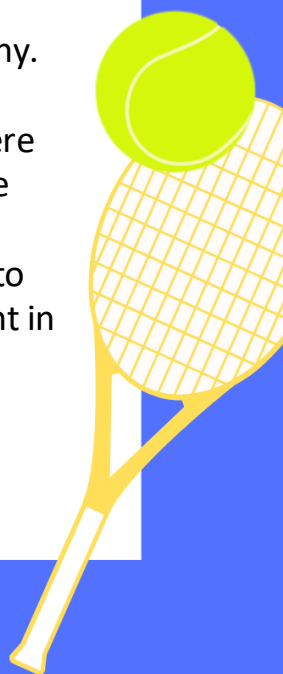

“Badminton is a therapy”, as famously known. Srikdu Subang Jaya U13 badminton boys and girls squad had an unforgettable AIMS match against the schools AISM, KSIM, Srikdu KD, Sunway and Tenby at the 222 sports centre ,PJ.

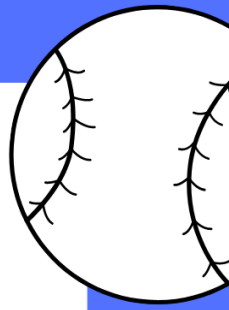

When we reached there, some of the schools were already there getting ready. Our team had 15 players and were divided into Singles and Doubles. We were 8 in Doubles and 6 in Singles. So according to the plan, we played some practise matches to get ourselves activated. At about 9:30, the coaches explained to us how the match was going to go and inform us about our opponents. We had five matches per person, every player played at least once against each school. Being honest, we felt like competition against every school but Tenby were the toughest. But at the end, we won up to 2 or 3 matches per person.

Hence came the climax of the event, the Award Ceremony. For us, it was a treat to see the table full of medals and trophies, It was a surprise because I didn't know that there were so many medals just for badminton. At the end, the schools Sunway and Tenby won. Even though we came Bronze it was an experience to cherish. I also would like to share that I saw some professional badminton equipment in the shop over there.
