Purpose

Sri KDU International School Subang Jaya is committed to ensuring the continuity of learning or students under exceptional circumstances that may require full or partial closure of the school campus. In the situation where the school is directed to close for the safety of the community, alternative means for students to access instruction remotely will be initiated. It is our priority to provide students with high-quality instruction to ensure the continuity of their educational programme to meet the learning expectations in an online environment. Sri KDU International School Subang's distance learning platforms align with the same standards and expectations for learning as in our classroom environment.

Scope

This document will outline the roles and responsibilities for students, teachers, parents and leaders to ensure the ongoing delivery and success of high-quality instruction and assessment. The success of our Distance Learning endeavor is a partnership and is dependent on careful planning by our dedicated faculty, appropriate student motivation and engagement, and strong parent support for this alternative mode of instruction

Policy Statement

GIM distance learning plan will *provide students access to their educational program to ensure continuous learning during expected school closures of 2 or more days, until regular schooling resumes. Detail the expectations required of all members of the learning community for the successful continuation of learning. Divisional Plans that will provide developmentally appropriate and meaningful learning experiences. The following Online Platforms support both Distance Learning and faculty/student/family collaboration to ensure a quality student learning experience when planning and delivering remotely:*

Secondary - Phoenix Classroom, Microsoft TEAM, Office 365,
Primary - Class DOJO ,Education City, Matholia, , BUG Club

In addition to the above resources, we encourage faculty, students, and parents to contact info.subang@srikdu.edu.my for any tech related question and to expect a response within 24 hours. This email account is managed by our Online Support Team

Actionable Items

Feedback:

- Timely feedback is essential to student learning; this is especially so in online learning environments when/where students are unable to ask questions as they normally would in classroom setting.
- Clear communication regarding where/how students should ask questions and seek clarification specific to learning targets, task requirements, and/or deadlines (email, Phoenix Classroom, document, ...).
- Active monitoring of your email for questions and communications from students/families.
- Avoiding, unless carefully scheduled and limited, real-time chats as “help” sessions for students as they are in different time zones.

Offline work:

- Avoid requiring printing. All tasks must be completed on a device or uploaded as a picture.
- Consider including offline activities in your lessons such as reading, engaging in discussions with a family member or friend remotely, writing in a journal, taking pictures, and/or making a video.

Work time:

- Strictly follow the divisional guidelines for time and schedule.
- Consider varying the activities you normally plan in a graduated way, from very different to slightly modified.
- Offer alternative opportunities for reading, research, online discussions/peer-feedback, and producing written work.
- Seek the support of colleagues and others who have specific interest and/or expertise in delivering online Distance Learning experiences.

Deadlines:

- Provide students ample time to complete assignments. More time than you would usually provide in class may be necessary for students.
- Keep tasks simple and directions clear to make sure students understand what they are required to do.

Bandwidth:

- If you embed videos, keep the size of the files small and avoid HD quality.
- Consider the size of the files to be downloaded by students; students' WIFI access may have limited bandwidth.

Files:

1. Try to post only PDF or Office 365 documents as they are universal and are often easier to convert.
2. E-mail submissions from school e-mail account. Or through Phoenix Classroom and MS Teams
