

U9 GIRLS AIMS BADMINTON TOURNAMENT @ MKIS 26 MAY 2024

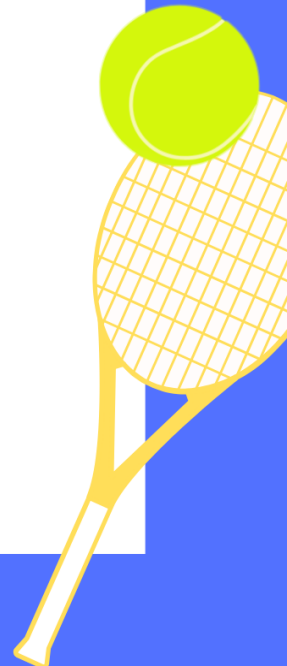

MATCH REPORT WRITTEN BY: *Iba Mohamed Saeed (4A)*

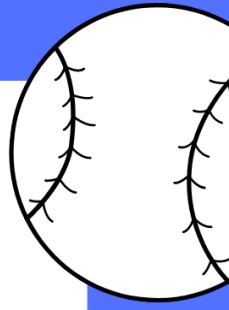

On the 27th of May, the U9 girls badminton team competed in the AIMS badminton tournament. It took place in Mont'Kiara International School. SRIKDU Subang Jaya (our school), ELC International School and Mont'Kiara International School participated in the tournament. Our team had seven players and 3 of them played singles matches while the rest played doubles matches.

I played two doubles matches in the tournament with my partner Alexis Kay Hisn Ang. Unfortunately, we lost the first match, but we fought hard and won the second match. After the doubles matches, I played a very intense friendly singles match, and surprisingly I won it. Winning this singles match was my favourite part of the event.

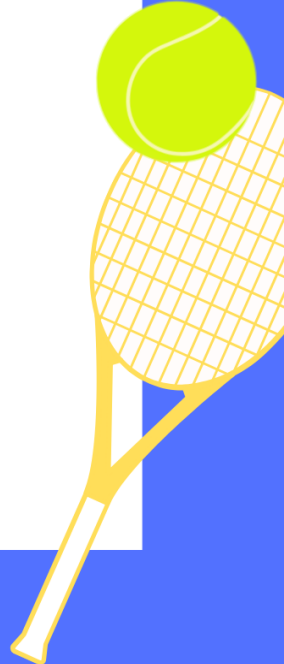

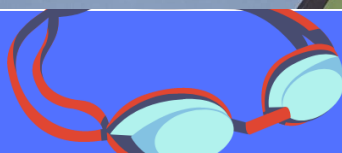

Even though we didn't win the trophy, I think we tried our best. This was a good experience for everyone in the team and hopefully next time we will improve our game to bring the trophy to our school.

**U13 BOYS & GIRLS BADMINTON FRIENDLY VS HELP @ SRI KDU SJ
29 MAY 2024**

Match report written by: Zoey Lau 6B

On the 29th of May, the U13 badminton team, both girls and boys competed in a friendly with Help International School. Although I am not in the U13 badminton team, it was a great experience for me. This friendly took place at Sri KDU International School (our school).

I played two singles matches in the friendly. Unfortunately, I lost both matches. For the first match I lost 4-21 and the second 15-21. Although the U13 players from Help International School were at least one year older than me, I motivated myself by thinking that I was playing in a U11 competition.

Even though the first match had a huge gap, I still feel happy that I managed to get to 15 points on the second match. This game was a great experience to me, it helped me self-assess my level, so that I can make improvements before I reach year 7!
