PROGRAMME OF STUDY - TERM 2

ART CRITICISM

- Learn how to break down and examine different elements of art, such as composition, color, texture, and form, to understand how they contribute to the overall impact of a work.
- Express their thoughts clearly and effectively, fostering their ability to write and speak about art in a precise and meaningful way.
- Gain broader understanding of art history, styles, and movements, as well as the social and political contexts in which art is created.
- Develop a deeper appreciation for the artistic process, allowing them to see beyond personal preferences and understand the significance of art in diverse contexts.
- Gain the confidence to form their own opinions and defend them, while also learning how to respect and consider differing viewpoints.

ONGOING OBJECTIVES

- Regular engagement with art criticism helps students sharpen their analytical abilities, allowing them to interpret new art works with greater depth and insight over time.
- As students critique art consistently, they enhance their ability to express complex ideas, both in written and verbal form, and become more confident in their art discussions.
- Through continuous critique, students refine their ability to form well-considered opinions on art, adjusting their perspectives as they encounter different styles, movements, and cultural contexts.
