ONGOING OBJECTIVES

- Grammar:
 - In Y11, we start to work on the Speaking IGCSE Assessment which happens around March.
 - Lots of work must be done. We use the past papers that the teacher has collected (and shared with his students) throughout the years (2021 to 2024) so the students have a good understanding of what is coming next.
- Vocabulary:
 - Every past paper is an opportunity to learn new vocab and to connect the vocab with the questions asked in the past papers. Pronunciation is a big aspect within this term.
